**Subject:** Initial "Test" Version of Outpatient Reference Files

The much anticipated "initial test" version of the Outpatient Reference Files is now available in the Shareinfo Test Folder. Please note that this version was run from our development test region and in many cases contains values input for programmer testing purposes only.

A second "test" version of the Outpatient Reference Files, run from our Acceptance Test Environment with the actual values (as currently defined by the customer areas) should be available for you tomorrow. When this file is placed I will send a confirmation email to let everyone know.

If you have any questions please let us know via the Workgroup email address:

Thanks for your patience!
